Kurse

Lucas (Kurse) Ruivo Maturo

Brazilian 29 years old

Developer working for 7 years in the market, specialized in modern javascript applications and currently positioned as full stack developer.

History

Graduated in graphic design in 2015, my **ambition to create** didn't stop there. I ended up finding myself as a **developer** in the midst of the job market and decided to specialize.

Today I can't imagine myself out of this world.

Hobbies

Music
Illustration
Manga

Among my favorite **hobbies** to enjoy in my spare time I definitely can say that's listening to **music**, **illustrating** and reading **manga**!
